8 Educational Program

Three Oaks Public School Academy uses the following curriculum:

English Language Arts: Expeditionary Learning

Mathematics: Eureka Math

Social Studies: Studies Weekly

Science: Mystery Science

We also provide a robust offering of enhancements that include physical education, music, and STEAM (science, technology, english, art and mathematics—a project based learning course focused on student discovery).

No matter the grade or the course, we are focused on instruction that builds independent student learning. Grade level teachers plan lessons that are rigorous and provide opportunities for students to demonstrate excellence in their learning. There is a focus on building communication skills, both among their peers and addressing adults, and in supporting one another in knowledge construction.

We believe that all children have the potential to succeed at high levels, and our instruction and our curriculum will support students in being ready for their next step and ultimately ready for the college of their dreams. We know that the human brain is not only wired to learn, but loves to learn and we continually seek opportunities for students to experience the joy of accomplishing difficult tasks.

We know that on occasion some students may need additional support or need to work in a different way, and we have teams of staff to support them, without lessening the quality of their contribution and achievements. We employ an MTSS (Multi-Tier System of Support) that is designed to identify students who may be struggling with a concept or a skill and to provide a quick intervention to get them back on track. You may be notified if your child has been identified for an intervention. Student progress is monitored every six weeks, if a student is back on track, they will seamlessly slide right back in with their peers.

9 Academic Guidelines

For students to be prepared and ready for instructional activities, students will be expected to be at school on time, to have completed homework assignments if required, and to have proper instructional materials with them. Teachers will provide parents with a list of supplies needed for each class.

9.1 Report Cards and Conferences

Academic report cards for all students are distributed quarterly. Parents are encouraged to discuss the information on the report card with their child and to encourage excellence in achievement and behavior. The purpose of report cards is to communicate to parents and students the child's progress on the knowledge and skills the student is working on in class and to provide insight into the child's behavior.

Classroom teachers will arrange at least one planned conference with each child's parent(s)/guardian per year. It is understood that educators shall, if necessary, arrange additional conferences with parents. Conferences with educators must be scheduled during non-instructional time.

9.2 Retention

Third Grade Reading Law

In 2023, Governor Whitmer repealed the legislation known as the Third Grade Reading Law, which means that students who are finishing up this grade will no longer be recommended for retention if they fail to meet a cut score on the MStep. Nevertheless, Three Oaks Public School Academy is committed to ensuring that all students read at or above grade level. Beginning in Kindergarten, your child's literacy progress will be closely monitored. A variety of assessments will be used to help identify students who need more intensive reading instruction. Interventions will then be created to meet individual student's needs.

Within the first 30 days of school, all elementary students will be assessed to determine if a reading deficiency exists. If such a deficiency is identified a reading plan will be developed for that student which includes extra instruction or support, ongoing progress checks, and possibly a read at home plan.

Parents of students with a plan will be notified and provided with a copy of the plan as well as a read at home plan so that they can help their child succeed while at home.

Reading instruction must be a major focus in early elementary education. Family engagement and understanding is an important part of this effort.

Other Types of Retention

Retention may also be suggested if your student: 1.) Has excessive absences and tardies that are having a negative impact on the student's academic progress; 2.) Is not making necessary academic gains as defined by grade level achievement. In recommending retention, the student's well being, emotional maturity, social skills and other factors will all be considered. The school will notify parents, as early in the school year as possible, that retention is a possibility in order to develop an intervention plan.

Students who are not on grade level will be given opportunities for in school and after school tutorials during the school year and for summer school to make sure they satisfy promotion requirements.

Testing

The Academy administers state mandated assessments at grades 3rd-6th. The Academy also administers a computer based adaptive assessment in math and reading three times a year in grades K-6, as a requirement of our authorizer and charter contract. This enables us to more effectively and accurately monitor the growth and identify the needs of our students. The results of the state assessment test, and the computer-based test, are used to guide instruction, target individual student needs, and assist in the improvement of curriculum and instruction. Parents will be sent individual scores of their children when they are available. Test scores will be included in the child's cumulative folder.

9.3 Child Find

The objective of the Academy is to ensure that the child receives the instruction, support, and services needed to succeed in school. It is the Academy's intention to:

- Engage first in preventative and targeted instruction and intervention
- As appropriate, conduct comprehensive evaluations designed to determine the best instructional programs and accommodations for students while also ensuring that Child Find is properly implemented
- Design comprehensive evaluations to focus on each student's individual learning needs in the context of educational opportunities, performance, and responsiveness to high quality opportunities to learn over time
- Select every component of the evaluation based on its relevance for creating the student's instructional program.

Consistent with the mandates in IDEA 2004, a comprehensive evaluation includes:

- A variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child (Sec. 300.304(b)(1))
- An observation of the student in the learning environment, including the regular classroom setting (Sec. 300.305(a)(1))
- Determination that underperformance is not primarily the result of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency (Sec. 300.309(a)(3)(i-vi))
- Determination that underperformance is not primarily the result of a lack of instruction, i.e., student performance data indicating that the student (a) was provided appropriate instruction in regular education settings delivered by qualified personnel (Sec. 300.309(b)(1)), and (b) received repeated assessments of achievement at reasonable intervals (Sec. 300.309(b)(2)), to ensure that underachievement is not due to lack of appropriate instruction

Also consistent with IDEA 2004, the Academy believes that:

- The determination of a specific learning disability must be made by the child's parents and a team of qualified professionals (Sec. 300.308)
- Parents must be provided with the results of repeated assessments of achievement (Sec. 300.309(b)(2))
- For students participating in a Multi-Tiered Systems of Support (MTSS) program, parents must be notified about their state's policies about the collection of student performance data, strategies for increasing the child's rate of learning, and their right to request an evaluation (Sec. 300.311(a)(7)(ii))
- The MTSS process must not be used to delay or deny an evaluation but should offer data, both academic and behavioral, to help problem solve and analyze issues regarding learning and help inform the development of effective instructional plans for students found to have a Specific Learning Disability (SLD)
- Evidence of a pattern of strengths and weaknesses in performance, achievement or both should be included, and must be designed to help guide the development of the child's instructional program.

MTSS records can indicate whether or not the child (a) achieves adequately for age or grade level when provided with appropriate instruction, and (b) makes sufficient progress to meet age or grade level standards based on the child's response to scientific, research-based intervention. Evidence that the student is improving when provided with general education interventions indicates that the student is not in need of special education services, a requirement for placement in special education.

9.4 Special Education

The Academy attempts to provide appropriate educational programs for children who are identified with disabilities and who have an approved Individual Educational Plan. The Academy embraces the instructional practice known as inclusion. When the IEP calls for pullout services, the student will be permitted to leave the classroom to work with a properly trained professional educator. The goal of special education programming is to provide students with an educational plan that best meets their individual needs in the least restrictive environment. This means that, to the extent appropriate, students will be provided services within the regular education classroom with the necessary support.

The Academy enjoys an excellent working relationship with the local intermediate school district, (MAISD) Muskegon Area Intermediate School District. The MAISD provides a parent resource center which provides parents with comprehensive resources on rights of the disabled, responsibilities of the school, support systems for parents and children, and educational programs available.

If you have concerns about your child's progress, arrange to speak with your child's teacher. For further information on all special education services and programming, contact the School Leader.

9.5 Homework

Homework can be a necessary and integral part of a child's education. The purpose of homework is to reinforce those skills and concepts taught in the learning environment. Homework also includes work not finished during class time. Parental support and cooperation are very important in this area.

9.6 Field Trips

Written parental or legal guardian permission is required for a student to go on any field trip off school grounds. Parents may sign a blanket permission slip for local (walking distance) field trips. For trips involving travel, teachers will inform parents of such details as destination, lunches, spending money, departure and arrival times, and any special rules. A permission slip will be sent home before each field trip involving travel. Teachers work to schedule field trips that are relevant to the school curriculum. The minimum guidelines for the supervision of field trips is for every 10 students there will be one adult chaperone. Student/adult ratios may vary with the nature of the field trip.

Students who disobey school rules and/or defy teacher authority may be denied the right to participate in field trips. Students who have demonstrated and documented behavior that is aggressive, harassing, or intimidating during the school year may be denied the opportunity to go on overnight field trips. The decision will be made by the School Leader in consultation with the teacher(s) conducting the field trip. The Code of Student Conduct applies to students at school and on school related trips/activities away from school.

Students are expected to follow Academy rules and pay for any costs incurred. Parents who cannot afford such costs for their child's participation are encouraged to contact the School Leader. Parents will always be given prior notice of field trips.

V. 9.7 Fundraising

Students may solicit only for Academy-sponsored activities. The School Leader, or Board of Directors, when appropriate, must approve fundraisers in writing prior to announcement of fundraising activities, placing orders, or making commitments. Academy students are prohibited by Board Policy from door-to-door solicitation of any type in the community. There will be no exchange of money among students for any purpose unless authorized by the School Leader. Any crowd-sourced fundraising requires School Leader approval.

10 Dress Code Policy

The dress code policy will be enforced for all students in grade levels K-6. The following procedure will be used for dress code violations:

1st Offense – Verbal and written warning

2nd Offense – Phone call to parent/guardian (at home or work)

3rd Offense – Parent conference

4th Offense – Possible suspension

General attire:

Students are expected to follow the guidelines of decency and proper respect for others. Student attire must be appropriate for the time of year and the activities in which the student will be participating. General rules of decorum include no midriffs showing, no hats or hoods in the building, no short shorts, no undergarments showing, no profanity or obscenities, and no see-through clothing.

Dress should allow students to participate comfortably in a variety of physical and outdoor activities. Clothing should cover the body adequately and should not be distracting due to ill fit. Students who come to school inappropriately dressed will need to contact their parent/s. It is our expectation that a proper change of clothing will be provided if requested.

Clothing is to be a proper fit for the child and must be worn properly (i.e. regular floor length pants, worn at waist level and not excessively baggy). Clothing is to be clean, without holes, and in good repair. Students are to be neat and well groomed for school. Shoes must be worn at all times. Buttons, patches, pins or other accessories that are considered offensive and disruptive (including, but not limited to, sexually suggestive, profane, obscene, tobacco or alcohol advertisements) are not permitted. Sunglasses, hats, coats, and jackets may be worn outdoors only. Parents are urged to see that their children are properly dressed for inclement or cold weather. Students do not go outdoors if the temperature is below 20 degrees Fahrenheit (wind chill factor).

Additional guidelines for ALL STUDENTS:

1. Hats, hoods, and sunglasses are not to be worn in the building.
2. Jewelry should be lightweight, simple in style and kept to a minimum. Hoop earrings should be no bigger than 1 ½ inches in diameter.
3. Hair should be neat, clean, and styled in an appropriate style. No distracting hair and/or style will be permitted.
4. Purses, fanny packs and book bags are not allowed to be carried throughout the school day. They are to be placed in the student lockers or areas upon arrival and retrieved when the school day is finished to bring materials home.

11 Families

The Academy relies on its families for active involvement in their child's education, growth, and development. **It is the hope of the academy that all families will devote time to volunteer or be involved in school activities.** Families are encouraged to become active partners with their school.

VI. 11.1 Volunteers

It is the policy of the Academy to encourage volunteers to work in the school. A volunteer must receive an I-CHAT background check to certify that they have not been charged with child abuse, neglect, or a felony. The Academy reserves the right to "approve" or "deny" any volunteer service upon review of the returned background check. The determination will be based upon the individual's background check information and their fitness to have the responsibility for the safety and well-being of children. Providing false information, or information contradicting the background check information, is grounds for immediate volunteer service denial.

All volunteers must be clearly identified with a badge or lanyard. All volunteers will be expected to follow all Academy policies. Volunteers shall be responsible for maintaining confidentiality regarding information about children seen or heard while volunteering.

Volunteer activities could include responsibilities such as being tutors, mentors, classroom assistants, chaperones, and guest speakers. Parents, grandparents, and friends are encouraged to become volunteers. If you are interested in becoming a volunteer, please notify the office.

Volunteers must focus on student safety and are discouraged from being on cell phones during this time.

Volunteers may not bring younger siblings to school or on a field trip while volunteering, without permission of the school leader.

VII. 11.2 Partnership in Responsibility

The Code of Student Conduct is titled "*Partnership in Responsibility*" in anticipation of parents, students, teachers, administration, support staff, and the Board of Directors forging a strong bond on behalf of the children of the Academy. The Partnership is based on mutual respect, responsibility, and results. Families are encouraged to embrace the partnership philosophy and translate it into action.

VIII. 11.3 Families' Rights and Responsibilities

Families have the right:

- To know that their child is cared for in a safe, supportive environment.
- To access their children (unless prohibited by a court order).

- To access the school staff during the school's normal hours of operation, by appointment.
- To be informed about serious misbehavior on the part of their **own** child.
- To be regularly informed of school activities.

Families have the responsibility to fulfill their obligations as described in various portions of this handbook. These obligations include, but are not limited to:

- Keeping their child's contact information up to date.
- Letting the school office know if their child will not be attending on a regularly scheduled day.
- Following established procedures in accessing their child during the school day, as well as observing established procedures regarding pick-up/drop-off or occasions that require a child to leave early or arrive late.
- Noting any communications from a staff member regarding their child's behavior, and to cooperate in any efforts to bring about improvement in the situation.
- Attempting to attend school activities that involve parents.
- Informing the school of any significant changes that occur in the home.

IX. 11.4 Helping Your Scholar Succeed in School

To contribute to a positive learning environment for your child:

- Start each day with a calm beginning.
- Make sure your child is well rested.
- Encourage your child to eat healthy.
- Establish routines at home around meals, bedtimes, screen time, and study times.
- Encourage regular attendance. Home is the best place for a sick child; otherwise, your child should take advantage of each school day.
- Acknowledge your child for special accomplishments.
- Keep the lines of communication open. Inform the teacher of any family situation that could influence your child's behavior.
- Have a special place for notes and notices about school events.
- Read each day to your child and/or encourage reading for pleasure and utilize the public library regularly. Show an interest in your child's independent reading and their school work.
- Stress organization of your child's belongings.
- Encourage independence in your child by showing them what they can do on their own.
- Work at home with skills taught at school.

b. 12 General Information

V. 12.1 Entry Age for Elementary

A child is eligible to enroll in kindergarten if he or she is at least five years of age on or before **September 1** of the school year of enrollment. A child becoming six years of age before December 1 must be enrolled in school on the first day of the school year in which the child's sixth birthday occurs or must satisfy one of the exceptions stated in law. A child must remain in school until at least their sixteenth birthday.

VI. 12.2 Attendance

Regular school attendance is crucial to your child's adjustment to school and contributes to positive lifelong habits. **Data shows that absenteeism as early as kindergarten can result in poor achievement throughout a student's academic career. When they are not in school, even for a few absences, students miss valuable instruction and fall behind academically and socially.** If you arrive late or must pick up your child early, please call the office where you will need to sign your child in and out. For specific attendance and excused absence requirements refer to The Student Code of Conduct.

VII. 12.3 Make up Work for Absence from School

Students are responsible for getting and completing any work they have missed due to absence from class. In cases of extended absence of more than five days due to illness, a student may request special consideration for additional time to make up work. Parents/guardians may request this in writing.

VIII. 12.4 Visitors

All parents or visitors must report to the office upon entering the school grounds. A daily sign-in sheet will be available for the use of parents and pre-approved visitors to visit in the school. You are required to stop in the office, sign-in, and tell the school secretary whom you wish to visit. All parents and approved visitors will be given a "Visitor's Badge", which must be visible. Sign-in and approval procedures are necessary for the safe protection of our children and to avoid disruption of classes.

Visitors will be required to secure permission of the school leader to be on school grounds. Visitors who are not known by the school secretary or the school leader will be required to present a form of official identification, for example, a driver's license, to have their request to visit in the school or to be on school grounds considered. No one is to bypass the office and go directly to the classroom or to the playground area. The staff must provide safe, secure supervision of all children. Parents are always welcome to visit in classrooms and are to make advanced arrangements with the teacher for in-class visitation. Small children are not permitted to visit classrooms during school hours.

Any person, who comes into the school area and does not properly sign in at the office, will be considered a trespasser. The person will be asked to leave the school area immediately. Failure to leave the school area will be reported to the Police Department.

IX. 12.5 Messages to Students and Staff

Messages to students and or staff must be dropped off or called into the school office. Messages will not be delivered when it will disrupt classroom activities. Parents are encouraged to communicate the message as early as possible to ensure timely delivery to the proper person. All staff members have email accounts that parents can communicate through. Safe, secure classrooms and disruption-free instruction require us to seek total cooperation of parents in not going directly to the classroom. Our school uses Class Dojo to report classroom events, whole school events, or individual student information. You will be asked to sign up for ClassDojo to receive notifications via email and/or text message.

X. 12.6 Early Dismissal Requests

On occasion, a student may need to leave school during the school day. The parent should receive approval of the School Leader in advance by written or personal request for a justifiable reason, including such early dismissals for doctor's appointments, religious observations, family funerals, and other prearranged events. Students will only be released to parents and designated adults. In child custody situations, the custodial parent must properly inform the School Leader of any limitations. Excessive early dismissals will be viewed similarly to tardies/absences.

XI. 12.7 Vacations

The school discourages the practice of taking family vacations on school days or during times other than regular school vacation periods. If a student will be out of school for a family vacation, they will be responsible for making up any work upon returning. When you must schedule a family trip during Academy time, contact your School Leader at least one (1) week in advance to discuss how your child will complete missed assignments. Time given for completion of make up work is (1) day for every day absent.

XII. 12.8 Emergencies

Procedures have been developed in an effort to ensure safety and security for all children when they are under the care of the Academy. Parents are encouraged to keep informed of weather patterns and possible school closings and to make sure childcare arrangements are in place for emergency closings.

XIII. 12.9 Fire and Tornado Drills

Fire and tornado drills are regularly scheduled to educate students in safe practice in case of an emergency. The teacher will review rules of safety and evacuation routes with students. Evacuation routes and tornado watch locations are posted in each classroom and area of the

Academy. The teacher or person responsible for a group of students will take class roll to determine the presence of all students who are in attendance on that day. Students and staff will return to class when the teacher is given approval by the School Leader.

XIV. 12.10 Tornado Emergencies

Students will not be dismissed from school when there is a tornado watch, warning, or actual tornado. During a tornado watch, students will remain inside the building in designated areas, local radio stations will be monitored, and staff will take safety precautions. Students will be released to their family as requested. During a tornado warning or tornado, all students and staff members will remain in the building. Everyone will take shelter in designated areas and will follow outlined safety precautions. Students may be detained beyond the usual dismissal time. Parents who have come to the school to pick up students are encouraged to stay at school until the tornado warning or tornado has passed and safe conditions prevail. Out of respect for parental responsibility for their children, a student will be released to parents only.

XV. 12.11 Lock Down Drills

The State of Michigan has made it mandatory for schools to practice two Lock Down Drills per year. We will follow this mandate just as we do Fire Drills and Tornado Drills. These drills will be conducted in coordination with the local emergency management coordinator. All doors at the Academy are locked during school hours.

XVI. 12.12 Emergency Closing During the School Day

In the event of severe weather or other unexpected emergencies, the school may be forced to dismiss students early. If school must be dismissed early, parents are encouraged to have prearranged, adult supervision of their children. Parents should discuss emergency procedures with their children in case there is nobody at home when the child arrives. Parents are expected to provide the school with a working emergency number in case of the child's illness or emergency closing. If the parent cannot be contacted, the school will make reasonable efforts to contact the person designated for emergency situations. The Academy will make use of the School Messenger automated contact system and Class Dojo to reach parents/guardians for weather or building related emergencies, and the CrisisGo contact system for hazardous and crisis situations.

c. 13 Meals

A daily lunch program is offered to all students at the Academy from an on-site kitchen. Menus are available in the front office and may be emailed. All foods served in the food service program as well as any other activities in which food is served must adhere to the wellness policy mandated by USDA. Foods must satisfy nutritional standards established by USDA.

d. 14 Snacks

- Please respect any notices regarding food allergies that are posted for your child's classroom.
- Students should only eat food they have brought from their own home and should not bring food to share with others. Snacks should be "snack sized."
- Students are not to bring pop; they are encouraged to drink water or non-carbonated sports drinks.
- If your child must be restricted to certain food and/or is on a special diet, please inform the staff and indicate so on the Child Information Card.

V. 14.1 Birthday Snacks and Holiday Parties

Sometimes families like to provide a special treat on a child's birthday. We welcome the opportunity to celebrate. Please speak to your child's teacher about birthday treats. Grades K-6 have holiday parties throughout the year. Parties must comply with the USDA mandated wellness policy and practices. **Due to health regulations, only store bought treats are for celebrations.**

e. 15 Telephone Use

Students may make school-related calls to parents or other designated childcare providers from the office, with permission from classroom teachers. Please make sure that after school rides are arranged in advance, so students do not need to use the telephone at the close of school to make such arrangements.

Student cell phones shall not be powered on, or in view, at any time during school hours. If these devices are powered on, or in view, they will be confiscated until the end of the day. A second offense will necessitate a parent meeting to retrieve the device. Further offenses will be considered a violation of the Code of Conduct and subject to disciplinary action.

f. 16 Pesticide Use

The Academy utilizes an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all available and appropriate techniques to attain the goal of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize pest exclusion and biological controls. However, as with most pest control programs, chemical controls may also be utilized at our facility.

This notice has been provided in compliance with MCL324.8316. We are also required to notify you of your right to review the IPM Plan and IPM records.

Prior Notification Request

You also have the right to be informed prior to any application of an insecticide, fungicide or herbicide made in or at the school grounds or buildings during this school year, with the exception of bait or gel formulations. In certain emergencies, such as an infestation of stinging insects, pesticides may be applied without prior notice to prevent injury to students, but you will be notified following any such application.

At least 48 hours before an application, advance notification will be given by 1) posting at commonly used entrances to the facility and 2) by email. Advance notification flyers will be posted at the following commonly used entrances: main entrance.

In addition to the above methods of notice, the parent/guardian is entitled to receive the notice by first-class U.S. mail postmarked at least 3 days before the application. If you need prior notification via U.S. mail, please complete the information below and send it to the school office.

Asbestos Management Plan

As per AHERA (40CFR 763.80) Rule, the Academy is required to notify all students, staff, legal guardians, outside contractors, and community members of the availability of the AHERA Management Plan for their inspection and review. A copy of this plan is available at the school office for your review during normal business hours. Periodic (6 month) inspections are performed by properly trained staff members. At this time there are no planned asbestos abatement activities for the upcoming year. Should the need for abatement arise, all building occupants and their legal guardians will be notified in writing in advance.

g. 17 Transportation

Parents are responsible for transportation of their children to and from school if they are not using school busing. Parents dropping off or picking up their children are reminded to pay close attention to movement of students and vehicles in the parking area. The Handbook and Code of Conduct rules extend to the bus and any school sanctioned event on or off campus. Students are under the authority of the bus driver while they are on the bus. The driver is to enforce this Handbook and Code of Conduct and report all student behavior problems to the school leader who will be responsible for disciplinary action. Failure to follow this Handbook and Code of Conduct while on the bus may result in termination of the privilege of riding the school bus, in addition to other appropriate disciplinary actions.

h. 18 Communication

In an effort to promote and enhance effective communication between parents, teachers and administration, we ask that any problems or concerns be routed to the appropriate person as soon as possible. Part of problem solving is making sure the right people are aware and involved in the resolution process.

1. Channels of Communication

Classroom Teacher	School Leader	Office Staff
Child's Progress	School Policy	Absence Calls
Classroom Activities	Parent Education	Billing/Accounts
Classroom Assistance	Academic Policy	Registration
Class Procedures	Admissions	
Daily Scheduling	Donations	
Field Trips	Facilities	
	Legal Matters	

Parents who wish to address specific issues or concerns about their child's education are asked to speak first to their child's classroom teacher to seek a suitable resolution. Unresolved issues should be brought to the attention of the School Leader. The School Leader has primary responsibility for management of the school. The communications "chain of command" is the following:

1. Teacher
2. School Leader
3. Board Liaison
4. Management Company
5. Academy Board

Except in extreme or prescribed situations, a teacher will discuss a behavior problem with the student and the parent before a referral is made for assistance from the School Leader. Prescribed situations are listed in the Code of Student Conduct.

i. 19 Academy Newsletter

The Academy publishes a monthly newsletter via email. The newsletter contains information about school activities and programs as well as an updated calendar for the month. To reduce waste, we will send newsletters through email and provide links to the newsletter through Class Dojo or School Messenger, unless a paper copy is specifically requested.

j. 19 Medications/Immunizations

Students are not allowed to keep any type of medication in their possession during school hours. All medication should be sent to the school in a container labeled by the pharmacist. A written, signed, and dated directive from the physician must accompany any medication to be administered at school. This includes, but is not limited to, over-the-counter medications such as Tylenol, Ibuprofen, lotions, creams, and aspirin. The school is only authorized to dispense Band-Aids and water without a physician's written directive.

The academy encourages parents to arrange for students to take all medications at home, if possible. Medications will be administered at school, provided approved guidelines are followed. "Medication" includes prescription, non-prescription, and herbal medications, and includes those taken by mouth, by inhaler, those that are injectable, and those applied as drops to eyes, nose, or medications applied to the skin. Students are to register non-prescription medications in the office under the same guidelines as prescription medications.

For the safety of your child, the learning environment educator or office staff will dispense ALL medication with written permission from the parent, written physician's instructions, and administered in the presence of another adult.

1. Completed "Administration of Medication to Pupil Permission Form" and "Liability Form."
2. All prescription medication must have a pharmaceutical label (student's name, doctor's name, and type of medication and dosage).
3. A parent/guardian must bring in all prescribed medication to the front office.
4. ALL medication will be locked up in the school office for security purposes.

A pupil who requires the use of an inhaler for relief or prevention of asthma symptoms will be allowed to carry and use the inhaler if there is written approval from the child's physician and parent/guardian on record at the school and provided the School Leader has been informed and has notified the child's teachers.

Individuals who administer medications will receive in-service training on policies and procedures related to this responsibility. An individual medication administration log will be kept in the student's permanent record until one year after graduation from high school.

Any adverse reaction to medication, as described on the physician's written instructions, and/or any errors made in the administration of medications shall be reported to the child's

parent/guardian immediately.

State law and the local County Immunization Code require all students entering the Academy to provide evidence of having received the required immunizations for Diphtheria, Tetanus, Pertussis, Polio, Measles, Rubella, Mumps, Hib shot, Hepatitis B, and Chicken Pox or a signed statement that a child has not been immunized because of religious or other reasons. State law and local County Immunization Code prohibit the Academy from admitting children without the required immunizations.

V. 19.1 Illness

The school does not have facilities to care for the children when they are sick. If your child becomes ill while at school, you will be notified using the information you provided on your Child Information Card. Please have a plan so that you, or your emergency person, will be able to pick your child up promptly if necessary. Children should not attend school when the following conditions are present:

- Temperature above 100 degrees.
- Unusual drowsiness, excessive sleep or the child appears ill.
- Vomiting two or more times in a 24-hour period.
- Three or more loose or watery bowel movements in a 24-hour period.
- Body rash with fever.
- Sore throat, severe cough or difficulty breathing.
- Red swollen eyes or pus draining from eyes.
- Open areas on the skin
- Ringworm, lice, or pinworm.

Children should report all illnesses and injuries occurring in the Academy to their educator or supervisory personnel. Only immediate and temporary care will be given in the Academy. Parents will be notified by phone when a child needs additional care. For the health and well being of our staff and students, parents will be responsible to make sure the child is picked up within the hour after notification. It is the responsibility of the parent/guardian to make sure all emergency contact phone numbers are current.

Any student evidencing a rash, sores, or other physical problems will be excluded from the Academy. When a child is absent with a contagious disease or illness, the parent/guardian should notify the Academy office. In order for your child to be admitted back into the Academy, parents must comply with County Health guidelines. Please contact the Academy office for further information.

A student may be excused from physical education for one day with a note from the parent/guardian. Extended excuses will be honored upon receipt of a physician's note.

VI. 19.2 Child Information Card

The Parents will be asked to sign an emergency medical card to permit the teacher or adult in charge to secure medical assistance for the child in an emergency. The parents will be notified as quickly as possible of medical care being given to the child.

k. 20 Personal Property

The Academy will work with parents to protect personal property. Reasonable guidelines will contribute to our success.

School Materials: Students are responsible for taking care of school owned materials and are expected to pay replacement or damage costs if applicable.

Clothing: The Academy recognizes that all clothing is very expensive and must be cared for. Proper care includes labeling articles that the child will most likely remove upon arrival at school. Items such as coats/jackets, hats, gloves, and boots should be labeled. The Academy does not assume responsibility for lost articles of clothing.

Money: Parents are encouraged to be sure the child has properly secured any money brought to school. If a large sum of money is required, parents are encouraged to see the teacher before or after school and make payment or the teacher will collect money upon the child's arrival at school. Parents are encouraged to place money sent to school in an envelope with a note stating the reason the money is being sent. The child's name and teacher's name should be clearly written on the outside of the envelope. Parents are encouraged not to allow children to bring money to school. The Academy is not responsible for lost money.

Electronic Equipment: Cellular phones, or other personal electronic devices, not school related, **should ideally not be brought to school.** If they must be, shall **not be turned on at any time** during school hours. If these devices are found to be powered on or in view, they will be confiscated until the end of the day. A second offense will necessitate a parent meeting to retrieve the device. Further offenses will be considered a violation of the Code of Conduct and subject to disciplinary action. **The Academy is not responsible for lost or stolen cell phones or other electronic devices.**

I. 21 Behavioral Expectations

V. 21.1 School Wide Behavior

Scholars at the Academy have the right to be treated with respect by their teachers and classmates. They are to be treated equally and fairly with dignity. Teachers work to build internal discipline within each child. Staff members work as coaches for children, helping them

to make good decisions and reflect on bad decisions in order to determine a better choice next time.

The school has adopted many signaling behaviors that are employed in different settings such as the hallway, the cafeteria, the bus, and the classroom. We also coach students to adopt college-going behaviors such as using a “college-voice,” and practicing personal responsibility, respect for all, and embracing challenging work. Teachers and staff will work with students to respond appropriately when scholars are feeling over-challenged or under-challenged, and how to build persistence.

Through classroom discussions, students acknowledge that certain behaviors, such as talking without permission, calling out, passing notes, bullying, students making fun of other students, and talking back to teachers, are behaviors that interfere with learning. Bullying will not be tolerated in the classroom or on school grounds and is considered intimidation and if severe enough, “assault.” There are school wide behavior expectations posted throughout the buildings. These behaviors are modeled and taught to student’s multiple times throughout the school year.

Behavior Threat Assessment and Management

The Academy has a policy and evidence-based protocol for responding to threats of violence in our school. When a student makes an explicit or implicit threat or demonstrates concerning behaviors that may pose a danger to the safety of school staff, other students, or themselves, a school team will conduct a risk or suicide assessment, as appropriate. The goal of conducting these assessments is to provide assistance to the student being assessed, to support victims or potential victims, and to take appropriate preventive or corrective measures to maintain a safe and secure school environment. The team conducting these assessments include a school administrator, school counselor, school social worker, school psychologist, and other staff members as needed. Our assessment procedures are followed regardless of disciplinary action. If the school team determines that one of these assessments need to be conducted with your child, you will be notified by a member of the school team, as collaboration between the school and family is essential to ensuring student safety.

VI. 21.2 Consequences

We work to help children recognize disruptive behavior and develop self-control out of respect for self and others. Disruptive students may be removed from the classroom temporarily until the teacher and or School Leadership Team member is confident the student is ready to return to class as a responsible participant. A conference with parents and a School Leadership Team member will be called for any student who repeatedly interferes with a teacher’s ability to teach, another student’s right to learn, or demonstrates an inability to improve behavior.

Behaviors that are considered major infractions are listed in the Code of Student Conduct and consequences for these behaviors are determined by a School Leadership Team member. The Code of Conduct explains discipline procedures, including suspensions and appeals.

Suspensions and Expulsions

Detentions, in and out of school suspensions, and/or expulsions are levels of consequences that are administered to students who demonstrate disobedient, disruptive, violent, disrespectful, or otherwise harmful behavior at school. Any student who has been suspended during the course of the school year may be ineligible to attend overnight field trips as a result. A student whose presence creates, or is likely to create, a specific threat or risk to the safety or well-being of the school community or any of its members will be suspended or expelled from school. The Code of Student Conduct clearly spells out the responsibilities of parents and students, appropriate and inappropriate behaviors, and consequences for unacceptable behaviors.

If a student's behaviors result in a discipline recommendation over 10 days suspension or expulsion, the school will consider the mitigating factors involved and consider using Restorative Practices as an alternative, or in addition to, suspension or expulsion. Please see the Code of Conduct for more information.

VII. 21.3 Playground Behavior

Students are provided with the opportunity to engage in unstructured, open-ended, social interaction during recesses. Recess time is supervised by a staff member who is responsible for student safety. Equipment such as skateboards and scooters are not allowed at school.

Children are expected to maintain the same level of respect on the playground as in the classroom. Respect for self, others and materials is essential. Students who disregard this will lose the privilege of recess until the next day where they have a chance to make a different choice. Recess is an important part of the total curriculum. When recess is held outside, ALL STUDENTS ARE EXPECTED TO GO OUTSIDE. A student may be excused from recess for one day with a note from the parent/guardian. Extended excuses will be honored upon receipt of a physician's note. Parents are responsible to see that their child is dressed appropriately for the weather.

While on the playground, students are expected to:

- Use playground equipment and structures carefully
- Play within the designated areas and boundaries
- Share equipment and follow the rules of the game
- Leave all personal items at home that may be damaged or endanger the safety of others.
(The building School Leadership Team member is authorized to make judgments on these items.)

VIII. 21.4 Breakfast and Lunch Behavior

Breakfast and lunchtime provide students with another opportunity to practice social skills in an informally structured environment. During this time students are expected to: speak softly and be considerate of classmates, remain seated while eating, clean up after themselves, and be courteous to the people in charge.

Cafeteria Rules

- Students are expected to follow the Code of Student Conduct.
- Students are expected to sit while eating.
- Students are to use quiet voices when conversing with other students.
- Students are expected to use good table manners and to clean up after eating.

IX. 21.5 Tobacco/Smoke Free School Zone

The use of any tobacco products and E-Cigarettes, within the school buildings, the school facilities or on the school grounds by any individual, including school personnel, is prohibited. Students will be subject to disciplinary procedures outlined in the Code of Student Conduct.

X. 21.6 Drug and Alcohol Use

The use and/or possession of drugs or alcohol are illegal and will be treated by the school as a serious offense. Any student found with or using alcoholic beverages or drugs during school hours or at school-related activities shall be referred to the School Leader for long-term suspension or expulsion. The student's parent(s) will be notified and required to attend a conference with the School Leader and possibly the Board of Directors. The police will be notified, and the student may be liable for arrest and prosecution.

XI. 21.7 Firearms

The federal Gun-Free Schools Act of 1994 requires school districts to expel a student from school for a period of not less than one year if it is determined that the student brought a firearm to school. Expulsion may be permanent.

XII. 21.8 Prohibition of Harassment, Intimidation, and Bullying (including cyber-bullying)

The Academy will not tolerate bullying of any kind, including cyber bullying, on its school grounds, during school-sponsored activities/events, or off-campus. The Academy Board's revised anti-bullying policy has been included as an addendum to the Student Code of Conduct. You are encouraged to read the policy, understand that it is based upon law, and encourage your child to refrain from bullying activities and report incidents observed at school. Any allegations of bullying will be investigated under the guidance of the school leader. Parents will be advised of the results of the investigation but will not be granted information regarding any other student's behavior or any consequences related to that behavior.

XIII. 21.9 Non-Discrimination Policy

The Academy does not discriminate against applicants, employees, or students on the basis of race, color, religion, sexual orientation, gender and gender identity, disability, age, national origin, political belief, marital status, sex, age, height, or weight in its programs or activities. Sexual harassment will not be tolerated in Academy employment practices and/or educational programs or activities.

Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or the Age Discrimination Act of 1975, or any other federal or state regulations, may be directed to the School Leader, the Michigan Department of Education, or the Director of the Office of Civil Rights, U.S. Department of Education.

Sexual Harassment

The Academy is committed to providing a working and learning environment based on dignity and respect, free of harassment or intimidation. All those associated with the Academy are expected to foster a climate that is supportive, respectful, and conducive to teaching and learning. Title IX of the Education Amendments of 1972 (Title IX) and the Department of Education's implementing regulations prohibit discrimination based on sex in federally assisted education programs and activities.

"Sexual harassment is unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a student can deny or limit, based on sex, the student's ability to participate in or to receive benefits, services, or opportunities in the school's program. Sexual harassment of students is, therefore, a form of sex discrimination prohibited by Title IX under the circumstances provided in this guidance" ("Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties, U. S. Department of Education, Office for Civil Rights, January 2001).

Sexual harassment is among the behaviors that are destructive to a positive working and learning climate, and as such is prohibited by state law, federal law, and school board policy. Any member of the school community who engages in sexual harassment as defined below will be in violation of this policy. The Employee Manual is explicit in its discussion of sexual harassment and consequences of inappropriate behavior by employees.

This policy encompasses behavior of adults towards adults or students, and students towards students or adults.

DEFINITION:

It is a violation of this policy when a person makes any sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejections of advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of benefits, privileges, employment or placement services or as a basis for the evaluation of academic achievement; or such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's education or career by creating an intimidating, hostile, humiliating or sexually offensive educational or employment environment.

Sexual harassment, as defined above, may include, but is not limited to, the following:

- Verbal or written harassment or abuse,
- Pressure for sexual activity,

- Repeated remarks to a person with sexual or demeaning implications,
- Unwelcome touching,
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats including, but not limited to, one's grades, and job.
- Display of lewd or sexually explicit materials, inappropriate jokes, or language of a sexual nature.

RESPONSIBILITIES:

All persons associated with the Academy are responsible for:

1. Ensuring that his/her behavior does not sexually harass any other person associated with the schools.
2. Reporting any observed or experienced harassment or mistreatment immediately to the Sexual Harassment Grievance Officer and cooperating fully in the investigation of alleged sexual harassment; and
3. Actively participating in the Academy's effort to prevent sexual harassment in the schools.

Retaliation of any form, including threats, intimidation, reprisal or harassment, towards any person who makes a sexual harassment complaint, or who assists in or participates in an investigation, proceeding, or hearing is unlawful and will not be tolerated and can be considered grounds for dismissal of staff and/or removal of a student from school.

FALSE REPORTS:

False (fabricated) claims of sexual harassment can cause permanent damage to the victim of such claims and must therefore be treated as a very serious matter. A false claim may be considered grounds for dismissal of staff, or discipline including the removal from the educational setting for a student, who makes a false claim.

CONFIDENTIALITY:

Reports and complaints of sexual harassment will be kept as confidential as possible consistent with the rights of all parties.

SEXUAL HARASSMENT GRIEVANCE OFFICER:

The Board of Directors has appointed the Chief Administrative Officer, or their designee, as the Grievance Officer who will be responsible for processing all sexual harassment complaints in accordance with the procedure outlined below.

COMPLAINT PROCEDURES:

1. What one person may consider acceptable behavior may be viewed as sexual harassment by another person. Therefore, the victim should make clear to the harasser that the behavior is offensive and must stop. If the victim is uncomfortable in addressing the harasser they should be made to feel comfortable talking to a trusted adult or a member of the school leadership team. If the harasser does not stop the behavior or the victim is uncomfortable confronting the harasser, or if the behavior warrants further

- action in the opinion of the victim, the victim should lodge a complaint with the School Leader/Title IX officer/contact.
2. Upon receipt of the written complaint, the sexual harassment/Title IX officer will investigate the matter. The complaint should be as specific as possible, including names, dates, times, places, witnesses, and specific words or actions which were experienced as offensive. In cases involving students, the student's parents will be notified immediately of the complaint, the steps to be followed, and the ways in which they will be involved in the process.
 3. All complaints of sexual harassment will be promptly investigated. Depending on the circumstances, the investigation may encompass any or all of the following:
 - a) The alleged victim may write a letter to the alleged harasser describing the offensive behavior, the circumstances under which it took place, the way the behavior made the victim feel, and requesting that the harasser apologize and promise not to repeat the behavior. The School Leader/Title IX officer or assigned investigator will then meet with the alleged harasser, hear the harasser's account of the situation, present the victim's letter, and discuss the matter.
 - b) Where appropriate in the opinion of the School Leader/Title IX officer or assigned investigator a meeting will be held between the alleged victim and the alleged harasser to clarify the facts and to attempt to mediate a resolution.
 - c) The School Leader/Title IX officer or assigned investigator may interview all parties and witnesses to the alleged harassment.
 4. In cases of alleged student harassers, the School Leader/Title IX officer or assigned investigator will determine if these facts constitute harassment. Disciplinary consequences such as detention, suspension, or expulsion consistent with school rules may be implemented. In cases of alleged adult harassers, the School Leader/Title IX officer or assigned investigator will report the facts of the alleged harassment and will determine if these facts constitute harassment. The School Leader/Title IX officer or assigned investigator will recommend to the Board of Directors appropriate action, which could include disciplinary action up to and including termination of employment by Choice Schools Associates, LLC.
 5. If disciplinary steps are taken, copies of the reports of facts and the written decision will go to the harasser, the personnel file in cases of adult harassers, and to the parents in cases of student harassers. The victim, and his or her parents, if the victim is a student, will also be informed of the determination as to whether harassment occurred.
 6. Repeated or extreme forms of harassment, violence, or civil rights infringements will result in a recommendation for expulsion or termination from the Academy.

The School Leader/Title IX officer or assigned investigator will make complete records of all sexual complaints, facts, steps taken, determinations, and resolutions, and those records will be kept in a central file in the School Leader's office for a period of 60 years.

STATE and FEDERAL REMEDIES:

In addition to the above, if someone believes he/she has been subjected to sexual harassment, he/she may file a formal complaint with either or both governing agencies set forth below. The complaint process does not prohibit filing a complaint with these agencies. Each of the agencies has a short time period for filing a claim (EEOC - 180 days; MCAD - 6 months).

1. The United States Equal Employment Opportunity Commission (EEOC)
2. State of Michigan

m. 22 Student Rights

The Academy Board has the responsibility to afford students the rights that are theirs by virtue of guarantees offered under the federal and state constitutions and statutes. In connection with rights there are responsibilities that must be assumed by students.

Among these rights and responsibilities are the following:

1. Civil rights, including the rights to equal educational opportunity and freedom from harassment and discrimination; the responsibility not to harass and discriminate against others.
2. The right to attend free public schools; the responsibility to attend school regularly and to observe school rules essential for permitting others to learn at school.
3. The right to due process of law with respect to suspensions, expulsion, and decisions the student believes injure his or her rights.
4. The right to free inquiry and expression; responsibility to observe reasonable rules regarding these rights.
5. The right to privacy, which includes privacy in respect to the school's records.

The Board of Directors believes that as part of the educational process students should be made aware of their legal rights and of the legal authority of the Academy Board to make and delegate authority to its staff to make rules regarding the orderly operation of the schools.

Students have the right to know the standards of behavior that are expected of them, and the consequences of misbehavior. The rights and responsibilities of students, including standards of conduct, will be made available to students and their parents through the Code of Student Conduct, which is distributed annually. Parents are required to sign the Code of Student Conduct as an acknowledgment that they have reviewed and discussed the Code with their children.

V. Children's Rights and Responsibilities

Children have the right:

- To experience a safe, supportive, and consistent environment.
- To use all of the program equipment, materials, and facilities on an equal basis with all of the other children.
- To receive respectful treatment.
- To experience discipline that is fair and non-punitive.

Children have the responsibility:

- To be accountable for their actions.
- To respect the school rules that guide them while at school.
- To remain with the group and staff at all times.
- To care for materials and equipment properly.

VI. 22.1 Child Abuse or Neglect

Michigan State law rightfully requires the school to report any suspicious or obvious abuse or neglect of a child to the Michigan Department of Human Services. Please be aware that the staff takes this responsibility seriously and will act immediately to meet this reporting requirement of the law. Michigan DHS Children's Protective Services phone number is 855-444-3911.

VII. 22.2 Interrogations and Searches

▪ *Searches by Staff*

The right to inspect students' cubbies, lockers, backpacks/book bags, and belongings is inherent in the authority granted school boards and administrators. This authority may be exercised as needed in the interest of safeguarding children, their own and school property. More detailed information on interrogations and searches is in the Code of Student Conduct. In exercise of that authority by school officials, it is incumbent upon them to protect each child's constitutional rights to personal privacy and protection from coercion and to act in the best interest of all students and the school.

▪ *Interrogation by Police and Other Outside Agencies*

The schools have legal custody of students during the school day and during hours of approved extracurricular activities. It is the responsibility of the school administration to make an effort to protect each student's rights with respect to interrogations by law enforcement officials and representatives of other agencies. Therefore:

1. When law enforcement and or agency officials find it necessary to question students during the school day or periods of extracurricular activities, the school, School Leader or designee will be present when possible.
2. An extensive effort will be made to contact the student's parent or guardian to ensure that the responsible individual is notified of the situation.
3. If custody and/or arrest is/are involved, the School Leadership Team member will request that the law enforcement officials observe all procedural safeguards, as prescribed by law.

VIII. 22.3 Summary of Regulations Pertaining to Student Records

A parent has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student within 45 days after receipt of the written request unless the parent or student consents to a delay. The parent and the student have the right to receive copies of any part of the record, although a reasonable fee (\$.25 per page) may be charged for the cost of duplicating the materials. The parent and student may request in

writing to have parts of the record interpreted by a qualified professional of the school or a third party if desired.

IX. 22.4 Amendment of Record

The parent and student have the right to add relevant comments, information, or other written materials to the student record. In addition, the parent and student have a right to request that information in the record be amended or deleted. The parent and student have a right to a conference, and the School Leader must render a decision in writing. If the parent and student are not satisfied with the decision, the decision may be appealed to the Board of Directors, or the person designated by the Board.

X. 22.5 Confidentiality of Records

With few exceptions, no individuals, or organizations but the parent, student, and school personnel working directly with the student are allowed to have access to information in the student record without the specific informed, written consent of the parent or the student.

No parent may access the records of another student, including contact information, disciplinary information, attendance, or performance information. In the case of inter-student conflict, parents are not privileged to investigatory information or consequences except in some situations.

XI. 22.6 Notification of Rights under FERPA and PPRA

STUDENT RECORDS

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students over eighteen (18) years of age certain rights with respect to the student's education records. The School Leader is responsible for the supervision of student records in the school. Each student's records will be kept in a confidential file located at the student's school office. The information in a student's record file will be available for review only by the parents or legal guardian of a student, an adult student and those authorized by State and Federal law and Board policy/guidelines.

State and Federal law permits access by school officials who have a legitimate educational purpose. School officials for purpose of the Board's policy include a person employed by the Board as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; a person or company with whom the Board has contracted to perform a special task (such as an attorney, auditor, insurance carrier or medical consultant); a contractor, consultant, volunteer or other party to whom the Board had outsourced a service otherwise performed by Board employees (e.g. a therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers). An individual will have a "legitimate

educational purpose" if the record is necessary in order for the school official/employee to perform an administrative, supervisory, or instructional task, or to perform a service or benefit for the student or the student's family.

In addition to school officials with a legitimate educational purpose, the school may disclose personally identifiable information from the education records of a student without obtaining prior written consent of the parents or the eligible student:

- A. to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled.
- B. to authorized representatives of the Federal Government, or State and local educational authorities, such as the Michigan Department of Education. Disclosures under this provision may be made, subject to the requirements of 34 C.F.R. 99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs.
- C. in connection with financial aid for which the student has applied or which the student has received.
- D. to organizations conducting studies for, or on behalf of, the school, in order to: (1) develop, validate, or administer predictive tests; (2) administer student aid programs; or (3) improve instruction.
- E. to accrediting organizations to carry out their accrediting functions.
- F. to parents of an eligible student if the student is a dependent for IRS tax purposes.
- G. to comply with a judicial order or lawfully issued subpoena.
- H. to State and local officials or authorities in the juvenile justice system as it pertains to the system's ability to effectively serve, prior to adjudication, the student whose records were released.
- I. to appropriate officials in connection with a health or safety emergency.
- J. information the school has designated as "directory information," as defined in the "Notice of Directory Information and Opt Out Form" ***in the back of this handbook***, and subject to the restrictions explained below.
- K. to an agency caseworker or other representative of a State or local child welfare agency, or tribal organization as defined in Federal law, who has the right to access a student's case plan as determined by the agency or organization, when such agency or organization is legally responsible for the care and protection of the student provided the education records and personally identifiable information will not be unlawfully released to third parties.
- L. to comply with a court order when a parent is a party to a court proceeding involving child abuse and neglect (as defined in section 3 of the Child Abuse Prevention and Treatment Act) or dependency.

A parent or adult student has the right to:

- A. inspect and review the student's education records within forty-five (45) days after the School Official receives a written request for access. The School Official will notify the parent or adult student of the time and place where the records can be inspected.
- B. request the amendment of the student's education records if the parent or adult student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights. Parents or adult students who believe that a change is necessary should ask the School Official to correct the record. Such a request should be made in writing and should identify the part of the record they want changed and specify why it should be changed. If the school decides not to amend the record, the parent or adult student will be informed of his/her right to request a hearing.
- C. consent to disclosures of personally identifiable information contained in the student's education records, except the extent that Federal and/or State law authorizes disclosure without consent.

SPECIFIC EVENTS/ACTIVITIES

The Protection of Pupil Rights Amendment ("PPRA") requires the Board to notify parents and eligible students and obtain consent to allow parents or eligible students to opt the student out of participating in certain school activities including socio-demographic surveys, analysis, or evaluations. This requirement also applies to the collection, disclosure or use of student information for marketing purposes. The school will provide parents, within a reasonable period prior to the administration of the surveys and activities, notification of the surveys and activities and be provided an opportunity to opt their child out, as well as an opportunity to review the surveys.

Any parent or student who believes that the Academy has failed to comply with the Family Education Rights and Privacy Act ("FERPA") or the Protection of Pupil Rights Amendment ("PPRA"), may file a complaint directly with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-8520.

Code of Student Conduct

Positive Discipline Support Plan

"A Partnership in Responsibility"

Revised August 2023

**Character Education
Code of Student Conduct**

The Code of Student Conduct provides behavior guidelines for development of good social skills, students as responsible citizens, and accelerated learning school culture. All stakeholders—students, parents, administration, faculty, and support staff—enter a partnership in responsibility to build positive character in our students that prepares them for college, work, military, parenthood, and community service.

Our Character Choices program empowers students with the knowledge, skills, attitudes, and opportunities to become responsible members of the home, school, and community. The nine character traits are the following:

**Respect
Responsibility
Cooperation
Compassion
Good Judgment
Integrity
Perseverance
Courage
Citizenship**

The nine character traits represent values of responsible citizenship and empower students with the discipline to be lifelong learners and enlightened citizens in a diverse society.

Everyone has rights and responsibilities. The Code of Student Conduct attempts to preserve individual rights in the school community and deliver academic excellence in a safe, emotionally secure community of learners. Diversity is our strength, and we pursue productive classrooms where all students find meaning, dignity, and sense of community.

The overarching goal of the Code of Student Conduct is to teach students self-discipline and good social skills. We want to keep students in school. Our Positive Discipline Support Plan provides a framework for progressive and constructive discipline practices and in-school interventions for minor misbehaviors. Out of school suspension is reserved for serious infractions of the Code of Student Conduct.

Parents are our most valuable partners. We seek your cooperation and participation in the ongoing development of your child's academic knowledge, skills, and attitudes and social skills. We encourage you to read and review the Code of Student Conduct with your child and encourage acceptable behavior at school.

SECTION A: GUIDELINES FOR STUDENT BEHAVIOR

School leadership, teachers, and support staff are responsible for ensuring that meaningful and engaging instruction takes place and that students who want a high-quality education, receive it. Educators share responsibility to teach students the social and emotional skills required to achieve success in school, including interventions to monitor and change behavior until the individual student demonstrates acceptable behavior as a student and member of the school community.

Attendance

Michigan law places responsibility on each student to attend school on time, every day regularly and on each parent/guardian to send their child to school every day. The Board of Directors requires that all students attend school during the days and hours that the Academy is in session. Students are expected to be at school every possible day because they miss valuable instructional time and fall behind in their studies. Attendance is also an important habit to learn in preparation for work. Each student is expected to receive a minimum of 1,098 hours of instruction to be promoted to the next grade or receive credit in coursework.

Help Your Child Succeed in Life: Build the Habit of Good School Attendance

Did you know?

- It is the parent/guardian's responsibility to get their child to school.
- Missing just five days of school means 30 hours of missed instruction.
- Starting in kindergarten, there is a direct link between absences and reading level.
- One in ten kindergarten and first grade students is chronically absent.
- Students who are chronically absent are 7.5 times more likely to drop out of high school.

WHAT CAN YOU DO?

- Set a regular bedtime and morning routine.
- Lay out clothes and backpack the night before.
- Develop a back-up plan for how your child is getting to school in case something comes up. Call on a friend, family member or neighbor.
- Do not let your child stay home unless he or she is really sick. A stomachache can be a sign of anxiety or avoidance.
- Have your doctor fax or email the school directly.
- Talk to your teacher or school leader if you need additional help or resources

Parents are asked to call the school office to notify the school of their child's absence or to leave a message on the answering machine whenever their child will be absent from school. Parents are encouraged to notify the office manager prior to 9:00 AM. Parents are to provide valid written documentation stating the cause of absence for the absence to be excused; otherwise, the absence will be considered unexcused.

Excused absences may be granted for the following reasons:

- n. Illness of the student. The School Leader may require a doctor's statement. A doctor's statement of illness must be presented if a student is absent more than three consecutive days or more than ten absences during a semester.

- o. Illness in the immediate family, which requires absence of the student from school.
- p. Death in the immediate family (should not exceed five days).
- q. Recovery from an accident.
- r. Required court appearance. Parents are asked to notify the school in advance.
- s. Professional appointments. Parents need to notify the school in advance of the appointment and are encouraged to have the child return to school after the appointment.
- t. Religious holidays regularly observed by persons of the student's faith, provided the parent has given written notice in advance of the absence.
- u. Absences for other reasons as approved by the School Leader upon request of the parent.

Upon return to school, a student is to check with his or her teacher(s) to schedule make-up work.

When a student accumulates 10 absences, the parent/family will attend a mandatory meeting with a member of the School Leadership Team. This meeting will determine the course of action that will be taken, which may include the development of an attendance contract, an absenteeism report submitted to the truancy officer, possible withdrawal from the school, and possible petition to the juvenile court. If the family chooses not to participate in the meeting, or the student does not uphold the attendance contract, an absenteeism report will be submitted to the county truancy officer. Students who are chronically absent may be recommended for retention.

When a student is absent from school for ten consecutive days without knowledge of the School Leader will be withdrawn from the Academy and the student's directory information will be reported to the truancy officer of the intermediate school district and other state and local agencies. The School Leader will attempt to make contact with the student's parent/caretaker during the period of consecutive absences.

Student Arrival and Dismissal

Doors open at 8:05 for student arrival and family. Parents may park in a parking spot and drop-off their children at the entrance of the school; children should proceed to their designated area with their teacher. If you need to enter the building, you may park in the designated parking area. Students who are leaving school at the end of the school day are to be picked-up at the end of last regular class time. Students are to be picked-up by a parent/caretaker or person designated by the parent/caretaker and approved by the School Leader immediately after school or report to after school childcare (when available). Students are not to be unsupervised at any time during the school day or before and after school.

Late Arrival

Students are tardy to school if they arrive after 8:30. Teachers are expected to begin opening exercises promptly and transition smoothly into instruction. A tardy student must report to the office upon arrival and provide written or oral reason from the student's parent. The School Leader, or his/her designee, will provide the student with a tardy pass to admit him or her to the class that is in session at the time.

A student who is tardy three times will receive a warning letter sent home to the parents for the parent's signature. If a student receives six unexcused tardies, an attendance intervention plan will be developed with the student, parent, and School Leader. Tardy students interrupt learning for other students.

There are times when a deviation from a student's normal school schedule is necessary. Tardiness will be excused under the following circumstances:

- 1) Serious illness (accompanied by a parent's note or written doctor's notice)
- 2) Death in the family
- 3) Legally required presence at a court proceeding
- 4) School sponsored co-curricular and extra-curricular activities
- 5) Religious observations
- 6) Severe weather, fires, family tragedies
- 7) Pre-arranged late arrival approved by the School Leader

When a child is tardy between classes, it is the responsibility of the student to receive a pass from the previous teacher. Teachers are encouraged to assist students in transition to the next class. Students arriving in the classroom after the start of class will be considered tardy. State guidelines require that all attendance must be documented and reported to the local Intermediate School District, including late arrivals.

Early Dismissal

Students are expected to attend school for the full day. On rare occasions, it may be necessary to pick your scholar up early from school. The parent is to notify the school in advance by written or personal request for a justifiable reason, including early dismissals for doctor's appointments, religious observations, family funerals, and other pre-arranged events. Students will only be released to parents and adults designated by the parent/caretaker and approved by the School Leader. In child custody situations, the custodial parent must properly inform the School Leader of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

Expressions and Limitations

Students may exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or administrative guideline. The exercise of this right may not interfere with the rights of others, nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

1. Material that reasonably leads the School Leader or teacher to forecast substantial disruption of, or interference with, school activities or that endangers the health or safety of students.
2. Material that is libelous or slanderous - statements that are inaccurate or false statements that injure the person as to his or her reputation, cause personal humiliation, mental anguish, and suffering or other injuries.
3. Material that advocates the commission of a criminal act or is a criminal act as defined by the Criminal Code of the United States, the State of Michigan, the County, or the City of residence.
4. Material that is obscene as defined in the Michigan School Code, as amended.
5. Material, communications, and or actions that are considered to be bullying as defined in the Michigan School Code, as amended, and in Board Policy and administrative guidelines.

Distribution of Literature by Students and Nonstudents

The School Leader or his/her designee shall coordinate distribution or display of literature by students enrolled in the school. The material must be approved by the School Leader, must not be in violation of applicable Board of Directors Policy, and must bear the name of the sponsoring individuals or school organizations.

Search and Seizure

Desks, lockers, and storage spaces, which are provided to students without charge, are the property of the school. The School Leader or designee may make general inspections on a periodic basis and may open desks, lockers, or storage spaces in the presence of a witness and examine the contents, including personal belongings of students, when there are reasonable grounds to believe that they contain illegal drugs, contraband, weapons, or stolen property, or that the student has violated or is violating state or federal laws, City Codes, or Policies of the Board of Directors, provided the search is conducted primarily for enforcing order and discipline in the school and not for criminal prosecution. The School Leader may also, to the full extent permitted by law and Board Policies, search and seize students and their personal effects. Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of the student's parents or turned over to the Police, and only in exceptional circumstances, when the health or safety of the student or of others is immediately threatened. Reasonable efforts to locate the student shall be made prior to the search. If the student is present, the school official shall advise him/her of the circumstances justifying the search and seizure of the objects that the official believes the search may disclose. If the student is not present, he or she shall be informed of the search. Stolen items and items that are specifically prohibited by federal and state law, Board of Directors Policies, regulations of the County and City and or school administrative guidelines may be impounded. The student shall be given a receipt for any items impounded by school authorities, and parents shall be notified of any items impounded.

Prohibition of Harassment, Intimidation, and Bullying (cyberspace as well)

Bullying and cyberbullying are prohibited at school. "At school" is defined as on school premises, in a school-related vehicle, at school-sponsored events, or using telecommunications access devices or a telecommunications service provider under control or ownership of the Academy. Bullying and cyberbullying that do not occur at school but cause a substantial disruption to the educational environment may be subject to disciplinary action according to Board Policy (Attached).

Bullying means any written, verbal, or physical act, or any electronic communication, including but not limited to, cyberbullying that is intended or that a reasonable person would know is likely to harm one or more pupils either directly or indirectly. Cyberbullying means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly. Any reference to bullying includes cyberbullying.

The Academy Board's revised anti-bullying policy is provided in addition to the Student Code of Conduct. You are encouraged to read the policy, understand that it is based upon law, and encourage your child to refrain from bullying activities and report incidents that they observe at school.

Every student is called upon to report any situation that he or she believes to be bullying behavior directed toward a student or an employee. Employees are required to report bullying behavior to the School Leader.

Anti-Bullying Policy

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors, and volunteers, is prohibited. All pupils are protected under this policy and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

Definition of Bullying

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the ESP. Complaints against the ESP shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The ESP or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Academy may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

- A. Are initiated by the victim.
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The School Leader is the school official responsible for ensuring that this policy is implemented.

Confidentiality

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The School Leader, or the School Leader's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

Notification

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

Reporting

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy. No administrative guidelines accompany this policy.

SECTION B: DISCIPLINARY ACTION

Definition of Discipline

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of the rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share the responsibility for helping students develop self-discipline. When self-control falters and self-discipline fails, disciplinary action will be used to protect the rights of others and to ensure uninterrupted instruction by teachers for students.

The School Leader will carry out a positive behavior intervention program to help children and families, teachers and support staff, reflect upon their actions and be proactive instead of reactive to teach students self-discipline and acceptable social skills for school and career and college readiness. Positive discipline can be a powerful tool for teaching students to succeed. Intervention options need to consider disciplinary referrals as opportunities for learning, with exclusion reserved for the most serious offenses. The consequence must be reasonable in direct relationship to the seriousness of the misconduct or the pattern of misconduct.

Certain rules and procedures are established to guide students through constructive growth and readiness for careers and college. Parents, teachers, and others responsible for the welfare and education of these students need to cooperate to interpret and enforce these rules.

Mitigating Factors to be Considered

Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion is considered, the Academy shall consider the following factors:

- A. the student's age
- B. the student's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

Restorative Practices

If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

- A. Are initiated by the victim.
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the

school community, and supporters of the victim and the offender (the “restorative practices team”); and

- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Mandatory Exclusion by Michigan Law

For students in grades 6 and above, Michigan law requires the Board of Directors to remove a student who possesses a dangerous weapon, unless the student meets an exception in the law, commits arson, criminal sexual conduct, physical assault against a school employee or volunteer, physical assault against another student; bomb threat or similar threat.

The law provides a process for parents/guardians to petition the Board for reinstatement of the student. The School Leader will provide the parent/guardian with procedures to petition for the student to return to school. Parents/guardians should anticipate conditions for reinstatement being established.

Behaviors Warranting Disciplinary Action

Students are expected to meet classroom and school rules and are subject to appropriate disciplinary action, including suspension and expulsion, as set forth in the Michigan School Code. The purpose of disciplinary decisions is to develop self-discipline and social skills required for success in college and work. The positive discipline system is based on behavior intervention supports. Behaviors that interfere with the rights of students to achieve academic success and to be educated in a safe, secure environment are categorized into three groupings, with exclusion from school reserved for most serious infractions and repeated and habitual behaviors that deter teaching and learning.

If a student feels unsafe or threatened, the student or the student’s parent/guardian is encouraged to contact the School Leader immediately. Individual rights include individual responsibility within the bounds of reasonable behavior expected of all members of the school community. This applies especially to the freedom of fellow students to receive instruction. Educators must prioritize keeping students engaged in meaningful learning.

Various types of student misconduct are listed. The list is not all-inclusive, and a student who commits an act of misconduct not listed is still subject to disciplinary action.

Discipline Procedures

At all times when students are under school jurisdiction, they are expected to conduct themselves in an orderly, courteous, dignified, and respectable manner. In an effort to maintain an orderly atmosphere in the school and on the school grounds, the teacher's authority extends to all students, whether or not the teacher teaches the student in class.

Disciplinary Actions

Disruptive student behavior is subject to disciplinary action by the teacher and/or School Leadership Team. The School Leader, the Leadership Team, and staff are expected to use respectful and accountable intervention strategies, such as staff and student/parent conferences, auxiliary staff intervention and counseling programs, student programs for conflict resolution, peer mediation, anger management, anger prevention, and social skills. Intervention strategies may include anger management and conflict resolution programs for parents. Community based services may be called upon when appropriate. Actions taken by teachers may include but are not limited to:

A discipline referral should be sent to the School Leader when the teacher has exhausted in-classroom actions and feels that the student's improper behavior cannot be corrected through classroom management practices without sacrificing safety and/or learning for other students.

After consultation with the student and the teacher (if needed), the School Leader will determine the course of action required to provide a safe, secure school. Action taken by a School Leader toward students who are disruptive may include but is not limited to:

The School Leader, with approval of his/her supervisor, may request an emotional, behavioral, and/or chemical dependency evaluation and treatment and/or counseling recommendation with attention to applicable special education rights afforded children with disabilities.

Corporal punishment is prohibited by Michigan law and is not to be used in any situation.

Definitions. Out-of-school suspensions are considered in the following classifications:

- **Short-Term:** Short-term suspensions occur when a student is suspended for one school day, up to and including five school days. The student's rights and privileges of attending school, including extra-curricular and co-curricular activities, are suspended. The school may not allow a student to return to school until a parent comes to school and holds a satisfactory conference with the appropriate staff. The School Leader, or a designee from the Behavior Team, can suspend a student for up to five days and for up to ten days with approval of the School Leader's supervisor.

The School Leader or designee must provide the student and the parent/guardian with oral or written notice of the misbehavior and an explanation of the situation. The parent shall be notified in writing of the action taken.

- **Long-Term:** A student can be suspended for more than ten days following approval of the School Leader's recommendation by the Board of Directors or its appointed representative. Long Term Suspension from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board.
- **Expulsion:** A student can be expelled only by action of the Board of Directors based upon recommendation of the School Leader or his/her designee. Expulsion from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board.
- **Notification:** A letter from the School Leader or his/her designee will be sent to the student's parent(s) when the student is assigned detention or out-of-school suspension

or is recommended for long-term suspension or expulsion.

The suspension notice for *out-of-school suspension (ten or fewer days)* shall include at least the following information:

1. Reason(s) for the suspension and date(s) of suspension are to be clearly stated
2. A parent will be contacted to establish a date and time for a readmission conference with a member of the School Leadership Team
3. The student will not be allowed to participate in extracurricular activities during the suspension period
4. The student is not to go on school property, unless required by school administration
5. Appeal procedures shall be clearly stated in detail.

The suspension notice for long-term suspension/expulsion (greater than 10 days) shall include at least the following information:

First Notice and Invitation to Meet

1. The reason(s) for a long-term suspension or expulsion are to be clearly stated
2. A parent should be informed that an investigation is being conducted by the School Leader or their designee and what the most severe recommendation might be
3. A date and time for a conference is given when a parent, accompanied by the student, are invited to come to school for a conference with a member of the School Leadership team or designee and/or other advisors to present and hear information
4. The student will not be allowed to participate in classroom and school activities during the suspension; and
5. The student is not to go on school property or attend school activities.

Following the conference, the School Leader will review the facts with his/her supervisor, and they may decide to recommend long-term suspension or expulsion to the Board of Directors. The School Leader or his/her supervisor will inform the parent(s) and student of the recommendation to reinstate with conditions, long-term suspension, or expulsion. If the School Leader recommends long-term suspension or expulsion, the School Leader or his/her supervisor will write to the President of the Board and send a copy of the notice to the parent(s) including at least the following information:

Second Notice to the Parent/Guardian of Recommendation to the Board of Directors

1. The recommended action and reason(s) for the recommendation are clearly stated
2. The right of the student and his/her parent(s) or guardian to a hearing before the Board of Directors or its designees for long-term suspension and for expulsion recommendations, including the time, date, and location of the hearing
3. The right to inspect the student's school records and related documents
4. List of all witnesses that may testify
5. The right to an adult advocate, including parents, other adult advisors up to and

- including legal counsel
6. Copy of Board Policy 5610 Emergency Removal, Suspension and Expulsion of Students, including discipline hearing processes and appeal procedures.

Subsequently, the School Leader will follow-up with the student and his or her parent or guardian of the time, place, and location of the hearing with the Board of Directors or its designee to ensure delivery of the notice and to respond to questions.

Students with Disabilities. Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. Students with disabilities may be suspended for inappropriate behavior. In making decisions concerning inappropriate behavior by students in Special Education, the teacher and the School Leader are to consult with the student's Special Education resource room teacher to ensure consistency with the student's IEP. School Leader is responsible for consistency with specific special education procedures.

School Leader may recommend a student with disabilities for long-term suspension or expulsion (greater than ten days) by following these procedures:

1. The School Leader will follow regular procedures for long-term suspension or expulsion as described above.
2. Once the School Leader has made a recommendation for long-term suspension or expulsion of a student with disabilities, he or she shall hold the Manifestation Determination Review to determine:
 - (1) if the student is eligible for special education services
 - (2) if the student is appropriately placed in a special education program; and
 - (3) if there is a causal relationship between the student's disabling condition and the conduct for which he or she is to be disciplined.
3. The parent will be notified in writing of the time and place of the hearing and its purpose.

Appeal Procedures

In-school Disciplinary Actions

Should a parent disagree with disciplinary action of the school other than out-of-school suspensions or expulsions, the parent may appeal the decision as follows:

1. Appeals should be made to the School Leader by arranging an appointment or by writing to the School Leader.
2. If the parent is dissatisfied with the result of the appeal to the School Leader, the parent may appeal to the School Leader's supervisor. Appeals must be filed, in writing, within three school days of receipt by the parent of the School Leader's notice of disciplinary action. The School Leader's Supervisor's decision is final.

Out-of-School Suspension (five days or fewer)

Should the parent disagree with a suspension of five days or fewer, the parent may appeal the

decision of the School Leader as follows:

1. Appeal requests must be made in writing by the parent to the School Leader. Such written requests must be filed with the School Leader within three school days of the notice of suspension or the right to review and appeal is waived.
2. If the parent is dissatisfied with the School Leader's decision, he or she may appeal the decision to the School Leader's supervisor. Such written requests must be filed with the School Leader within three school days or the right to review and appeal is waived. The School Leader's Supervisor's decision is final.

In cases of immediate appeal, if the School Leader determines that the student's presence at school does not create a continuing danger to persons or property or an ongoing threat of disruption, the student may be allowed to continue in school on a regular basis until the appeal is considered. A favorable decision will allow the student to continue in school, whereas a decision supporting the School Leader will require the student to serve the full suspension beginning the next school day after receiving notice of the decision. In situations where the student is excluded during the appeal process and the appeal is ultimately favorable to the student, opportunity will be provided for the completion of make-up assignments.

Long-Term Suspensions (more than five and up to ten days)

A student may be suspended for more than five school days and up to ten school days with approval of the School Leader's supervisor. The same appeal procedures for Short Term Suspensions apply to suspensions of more than five and up to ten school days, with the exception that if the parent is dissatisfied with the decision of the School Leader's supervisor, he or she may appeal the decision to the Board of Directors by filing a written request of appeal within five school days or the right to further appeal is waived.

Expulsions and Long-Term Suspensions (more than ten days)

Long-term suspension of more than ten days and expulsion occur when the Board of Directors terminates the student's rights and privileges to attend school, including extra-curricular and co-curricular activities. Long-term suspension is for a specific period of time, while expulsion is for an indefinite period of time. Reinstatement processes are outlined in Board Policy.

Following the School Leader's recommendation for long term suspension of more than ten days or expulsion, the Board of Directors, or its designated representative, will hold a hearing within the ten days suspension period to determine whether to impose a long-term suspension or expulsion. The student and parent/guardian must be notified of the allegation, the recommended disciplinary action, the time, date, and location of the hearing, and of their right to attend and participate in the hearing. Prior to the hearing, families will be given an opportunity to review all evidence as well as a list of all persons scheduled to testify.

Following a hearing, should the parent disagree with the Board designee's decision to suspend a student for more than ten school days, the parent may appeal the decision to the Board of

Directors as follows:

Appeal requests must be made in writing by the parents to the School Leader within five calendar days of receipt of the suspension decision, or the right to appeal is waived. The petition to appeal the representative's decision shall be in writing and contain the reason the designee's decision should be reviewed or reconsidered. The designee may be an individual or a discipline committee of two Board members.

The parent/guardian of the student may petition the Board of Directors to request the student's reinstatement to schools, as permitted by law. Within ten school days, the Board must appoint a committee to review the petition and any supporting information provided by the petitioner. The committee has ten days to review the petition, including documents provided by the petitioner and School Leader, and submit a recommendation to the Board of Directors.

All appeals of decisions by Board designated representatives to the Board Appointed Discipline Committees shall be considered by the Board of Directors at its next regularly scheduled meeting. The Board must decide to reinstate the student, to reinstate the student conditionally, or to deny reinstatement.
